

Award-winning singer-songwriters and musicians, The Hutcheson Brothers—Jon and Brandon Hutcheson—blend modern country, Southern rock, and red dirt influences into a sound rooted in authentic storytelling and small-town Southern heritage. Hailing from Lake County, Tennessee, the brothers bring high-energy performances and a traditional-meets-contemporary approach to every stage.

Their debut studio album, *Behind The Levee*, earned the duo the 2024 Josie Music Award for Modern Country Duo Album of the Year and showcased their signature blend of heartfelt lyrics, country grit, and rock influence.

The Hutcheson Brothers have performed at CMA Fest, the NFL Draft, The Bluebird Café, Nashville Superspeedway, and the Dosey Doe Big Barn, shared stages with Parker McCollum, Shenandoah, T. Graham Brown, Buddy Jewell, Confederate Railroad, Artimus Pyle Band, and Hayden Baker, and have been featured on *Inside Studio G* with Garth Brooks. Their 2025 single *Damn Dallas* further established their country-rock edge, earning music video placement with Texas Country Network and JMA Network.
